V.M.KANADE, J.

DATE: 6th November, 2006.

P.C.:-

The learned counsel for the respondents have very fairly stated that the petitioner will be allowed to take the examination which is scheduled either on 14th or 20th November, 2006 and that an application may be filed by the petitioner before the respondents for condonation of lectures, if there has been a shortage thereof. We permit the petitioner to file such an application for condonation of lectures, which shall be allowed by the respondents in order to enable to petitioner to take the examination. It has also been pointed out that the last date for filing the examination forms was in August 2006 which exercise

too has not been completed by the petitioner. We accordingly direct that in case the examination form is filed within three days from today, the respondents shall accept the same. We also direct that the application filed by the petitioner for revaluation shall be disposed of within a period of one month from today. We also make it clear that this arrangement has been made as a special case and will not create any equity in the petitioner. The learned counsel for the college also pointed out that the petitioner has also not completed the project but fairly states that in case the petitioner passes in the revaluation, he will be permitted to complete the project work during the eighth semester. The learned counsel for the petitioner accepts this proposal as well. In view of these directions the petition stands disposed of.
